

Buddy's Book Nook

May 2025

Kinder & 1st Grade

Students are buzzing with excitement as we dive into our Bug Themed Unit! Through engaging read-alouds, hands-on activities, and creative centers, students are learning about different types of insects, their life cycles, and the important role bugs play in our world.

Exploring the World of Bugs!

Students will be learning:

- Story elements (character, setting, problem, solution)
- New vocabulary words like "insects", "pollinate", and "life cycle"
- Fine motor skills through art and STEM centers

3rd & 4th Grade

Students will explore creativity, problem solving, famous inventors, and amazing everyday inventions, all tied to engaging read-alouds and hands-on activities.

Inventors & Dreamers

Students will be learning:

- Creative thinking
- Research skills
- Collaboration
- Presentation & Communication
- Growth Mindset

Family Storytime Outdoors: Bring a blanket and books outside for a "picnic storytime" in your yard or at a park.
